

Consents

Why We Require your Consent

In order to process your application, there are a number of things we require you accept and consent to.

Automated Processing

Many lenders employ automated processes to underwrite transactions, which makes the process quicker and more efficient.

In order to allow the lender to use these processes you must consent to Automated processing.

Please read our [Automated Processing](#) document for more information.

If you do not accept the Automated Processing consent then we may not be able to proceed or it will limit the lenders we can approach on your behalf.

Credit Broker Services Disclosure

The credit broker services disclosure explains what we do and most importantly how we get paid for the services we provide. We require you to read and accept the service disclosure so that we can provide you with options and once you have chosen an option, then approach lenders on our panel.

Please read the [Credit Broker Services Disclosure](#) document for more information.

If you do not accept the Credit Broker Services Disclosure we will not be able to proceed.
